

# Dodmoor House - Unlimited Drinks Packages 2025

We offer an exciting range of four packages, with a great choice for your guests in the drinks reception, meal & speeches, such as a Spirit Bar, a selection of hot drinks in the winter and refreshing summer drinks.

Our interactive cocktail station increases the variety of exciting drinks, so that your guests can select from a range of up to FOUR cocktails after an initial round of drinks are served following your ceremony or arrival from church. These can also be served as mocktails should your guests choose.

Above all, this reduces your stress, hassle and leftovers – but still controls the overall cost of your drinks.

Drinks reception drinks: These are served to guests immediately after your ceremony or on arrival from church on trays by our waiting staff. Choose a Fizz option, a fun cocktail and maybe a beer, as well as soft drinks. We will then also set up an interactive drinks Cocktail Station wherever you have your drinks reception and photos, so that cocktails can be 'made to order' for your guests right in front of them.

Meal drinks: In the meal, our waiting staff will top up guests' glasses. We also supply carafes of iced tap water to the tables. In addition to your choice of red, white and rose wine, we are happy to continue serving cocktails, beers and soft drinks, but sparkling wine service would cease.

Speeches drink: We will pre-pour glasses of bubbly and hand these round to your guests before the speeches, including a fun soft option for the children.

Each drink has an individual price per glass/bottle, so we can keep count of how many of these are served to guests, and we calculate the overall cost of drinks served in the drinks reception, meal and speeches.

However there is still a guaranteed maximum price per person, depending on the package you choose. 16/17-year-olds are half-price, 4-15 year olds are £6 per child and children under 4 years old are free!

If the overall total price of drinks consumed is less than the guaranteed maximum package price, then you pay the lower amount and make a saving!

If the price is greater than the maximum, you only pay the guaranteed maximum (we cover the difference and you get drinks for free!)

We won't stop serving drinks or restrict the amount, as this offer is designed for those who want a maximum cost to help control budgets whilst indulging their guests with drinks and offering lots of choice!

Tasting sessions take place regularly at our open evenings or buy some bottles of wine to try at home.
